Abuja, Nigeria | 07013725529 | browncemmanuel@gmail.com | linkedin.com/in/brown-oziomachi

PROFESSIONAL SUMMARY

Passionate and detail-oriented Frontend Developer with hands-on experience building highly responsive, scalable, and user-focused web applications. Proficient in React.js, Next.js, and Tailwind CSS, with a solid grasp of modern UI/UX design principles and state management. Committed to writing clean, maintainable, and standards-compliant code, optimization for peak performance, and collaborating effectively to bridge design and robust frontend architecture.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Node.js

Backend & Tools: Firebase (Authentication, Firestore), Git, GitHub, REST APIs

PROFESSIONAL EXPERIENCE

Frontend Developer

2025 – Present

The Cyclopedia

- Engineered and launched a modern digital media and knowledge platform using React.js, Next.js, and Tailwind CSS to serve real-time news, articles, and multi-category content globally.
- Implemented Firebase for efficient backend services, managing content streaming, user interactions, and robust database operations.
- Optimized application performance, SEO configurations, and page-load metrics to maximize visibility and deliver seamless, accessible user experiences across device types.
- Developed clean, maintainable component architectures that combined strong design guidelines with technical scalability.

Frontend Engineer / Personal Portfolio Project

2025

Independent Development

- Architected and deployed a high-performance portfolio application showcasing professional frontend capabilities, modern web workflows, and scalable architectures.
- Created modular, interactive user interface elements using React.js and Next.js, achieving flawless mobile-first responsiveness using Tailwind CSS.
- Enforced clean-code paradigms and documented project configurations for easy repository maintainability and long-term upgrade compliance.

EDUCATION & CERTIFICATIONS

Certificate in Web Development (Specialization in React.js & Next.js)

2024 – 2025

EarlyCode Institute

- Completed rigorous, comprehensive training in modern frontend methodologies, frameworks, and web technologies.
- Gained intensive hands-on experience building production-ready applications, collaborating on source controls, and executing developer workflow best practices.
